Seminar Schedule

9:00 a.m. to 10:30 a.m. Hard Maple candy and value-added maple products.

We will be discussing value added maple products such as maple sugar, maple cream, soft candy, and cotton candy. We will be making hard maple candy, maple suckers and maple cheesecake.

10:30 a.m. to 11:30 a.m. Syrup filtration and filter press performance upgrades

This clinic will discuss filtration of maple syrup using filter bags, vacuum filters, and filter presses. We will discuss how a filter press works and tips for operation. We will also discuss new options for existing presses to increase runtime, reduce paper changes and help eliminate syrup loss.

11:30 a.m. to 12:00 a.m. Grant opportunities with Gary Gilles

Gary will discuss the NRCS grants for energy efficient maple syrup making equipment.

Lunch

12:45 p.m. To 1:15 p.m. Maple market update with Pete Roth

Pete will give the annual update on the maple market and discuss the upcoming maple season.

1:15 p.m. to 2:30 p.m. CDL Monitoring systems.

This clinic will discuss the CDL monitoring system and how it can benefit the smallest maple operations.

2:45 p.m. to 4:15 p.m. Beginners seminar.

This clinic will discuss everything from tree identification to bottling your maple syrup.
