CDL's Wisconsin Super Store

***RUN WITH THE BEST!***

Proud to be the Largest Maple Equipment Dealer in the Midwest!

## Maple Tubing Installation & Consultation

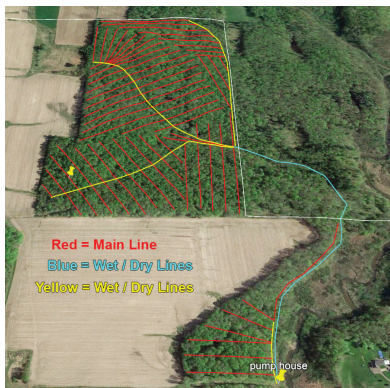

The Roth Sugar Bush has a team of highly skilled technicians that specialize in the design and installation of Maple Tubing Systems. These systems will maximize your production and reduce your labor. Our technicians have spent countless hours in the field, evaluating woods, sugarhouses, installing, maintaining and operating maple sugaring systems. Our installation team uses only the latest and proven CDL technology in the industry and uses Geographic Information Systems (GIS) to determine the best placement for maple tubing while minimizing wasted material. We start by keeping up on the latest research, development and newest technology that allows us to maximize production in our own 18,000 tap sugarbush. Whether you are installing maple tubing on 10 acres or 1000 acres, we will provide the very best solution for your needs!

The Roth Sugar Bush Team will also help you evaluate your current tubing system, equipment and sugarbush. We will develop a plan with improvements that will increase the quality and quantity of sap in your sugarbush so you can make the finest quality maple syrup. We are here to answer all your questions and offer suggestions with the goal of increasing your efficiency and profitability of your maple sugaring operation. We are here to help you with:

- Mainline Evaluation & Installation
- Lateral & Drop Line Evaluation & Installation
- Releaser & Pump Systems and Installation
- Monitoring Systems & Installation
- Sugarbush Evaluation
- And much more

***Give us a call today***  
**715-289-3820**

Each job is tailored to your specific needs! We can do as much or a little as you would like. Our team will take care of you from start to finish, first consulting with you to understand your needs, providing you with a very competitive quote and then providing only the finest CDL materials for your installation. Again, our goal is to help you to increase your efficiency and profitability!
